Continuation of Attachment(s) 3. Information Disclosure Statements (PTO/SB/08), Paper No./Mail Date: 1/28/2005 & 8/27/2007.

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claims 1-36 filed on 1/28/2005 have been considered in view of the specification and the drawings of this application with respect to the references of the record. The documents submitted with 371 applications have been considered.

Claims 1-36 are drafted into a method and an apparatus of controlling a multiple-level inverter bridge with a two-level induction motor controller as shown in figure 18. The claims recite limitations conformed with the statutory requirement in terms of elements plus functions as supported by the specification and the drawings of this application. The claims recite a multiple-level inverter connected to a two-level induction motor controller thru an adapter circuit for converting the two-level induction motor controller signals.

The references of the record, such as Maurio et al 6,118,932, taken alone or in combination fail to teach or suggest a multiple-level inverter bridge with a two-level induction motor controller connected in such a way for converting the six modulated signals into N time-coordinated signals wherein $N \geq 12$ and N is an integer-multiple of 3, controlling N switches of the multiple-level inverter bridge by applying the N time-coordinated signals, and the multiple-level inverter bridge comprises three branches, each branch having $N/3$ switches and producing one phase of a three-phase output of the multiple-level inverter bridge, and never-less-than $N/6$ of the $N/3$ switches of a respective branch of the multiple level inverter bridge having a logical-off state as recited in the claims. The references of the record taken alone or in combination fail to teach or suggest an adapter circuit connected to a two-level induction motor controller and a multiple-level inverter as recited in the claims.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
